

Site #	Location 1	Location 2	Land ownership	approx size acr	compass direction shooting	trash dumping level	resource concerns or damage	good natural backstop	access from a good road	safety for non-shooting public	safety issue / other explained	desirable location for shooters	possibility of improving safety	materials available on-site for berms/backstop	dominant firearm use	vehicle route in path of fire	conflicting use currently	conflict explanation	notes	photo#1	photo#2	photo #3
S-1			State Trust Land	(not shown on maps due to being on state land)																		
S-2	N33°59.165'	W112°09.207'	BLM	1.00	NE, NW	High	Moderate	exists	good	could be hazard	Anyone hiking/riding the wash could be at risk today. Wash route is proposed for closure. An ATV route is planned to cut through this area to allow loop route avoiding travel on Table Mesa Road.	high	low	yes	shotgun	yes	yes	Hiking/riding in wash	In large wash, subject to flooding and trash washing downstream(lead concerns need more study). ATV trail is proposed to go through this area - needed to keep unlicensed vehicles off of Table Mesa Rd.	8298	8299	
S-3	N33°59.134'	W112°09.385'	BLM	1.00	N, NE	Moderate	Moderate	exists	good	could be hazard	Shoots towards a road. Road could be closed to eliminate conflict.	high	high	some	shotgun, pistol, rifle	yes	yes	Road nearby	Natural backstop is not very tall (10 ft approx.) and has a low slope, not much natural/on site material to build berms. AGFD thinks the existing site could accommodate 100 yards distance and be widened to allow 20-40 people. Cost would be 50 to 60k to start, with total cost being \$150K. It could be done with AGFD and BLM force account and rented equipment or contracted. Would be more difficult to build here than other sites.	1862	1863	1864
S-4	N33°59.052'	W112°09.361'	BLM	2.00	SE	High	High	exists	good	good today	N/A	high	high	yes	shotgun, pistol, rifle	no	no	N/A	Very suitable for development	1865	1867	
S-5	N33°58.950'	W112°09.653'	BLM	4.00	SE	Moderate	Moderate	exists	good	could be hazard	road nearby	moderate	moderate	some	shotgun	yes	yes	Road nearby	High cost to develop, no secondary backstop, proximity and BCT, shooting occurs across a wash subject to flooding	1868	1870	
S-6	N33°59.067'	W111°09.952'	BLM	0.50	SE	Moderate	Moderate	exists (not very good)	good	hazard exists	Road in wash where people shoot.	low	never safe	some	shotgun	yes	yes	Wash, trail	Not suitable for development due to already downward grade, road and wash. High cost to develop due to little material on site. Currently backstop too far away to be effective. Saguaros in firing path. An ATV trail is proposed to go through this area. Trail is needed to keep unlicensed vehicles off of Table Mesa Rd.	1871	1873	
S-7	N33°59.033'	W112°11.136'	BLM	0.50	S	Moderate	Moderate	exists	moderate	hazard exists	Currently a rock crawling play area. AGFD does driver training at this site also.	moderate	low	some	shotgun	yes	yes	Rock crawling, AGFD driver training	Not suitable for development. Occupied houses within 1 mile. High cost to develop due to limited material on site, limited parking. This site is in a wash subject to flooding. The Agua Fria River is about .5 miles away. Consider rock crawling safety.	1874	1875	1876
S-8	N33°59.269'	W112°08.876'	BLM	0.50	W	Low	Low	exists	good	hazard exists	shoots toward road (Table Mesa area)	low	moderate	some	pistol, shotgun	yes	yes	Road	Black Canyon Trail in shooting path, high cost to develop so not suitable for development. Shooting toward road and site #1, BCT has since been re-routed in this area although signs still exist.	1877	1878	1879
S-9	N33°59.453'	W112°08.782'	BLM	0.25	S	Moderate	Low	exists	moderate	hazard exists	shoots toward road	moderate	moderate	some	pistol, rifle	yes	yes	Generally shoots towards Table Mesa Road(ricochet or over the berm shooting concern).	Poor firing direction towards Table Mesa Road, somewhat unsafe. The access road is being planned as a main loop trail for ATVs. Ricochet/general shooting hazard would be amplified by increasing non-shooting traffic on this route.	1880	1881	1882
S-10	N33°59.506'	W112°08.731'	BLM	0.25	SE	High	Moderate	exists	moderate	hazard exists	shooting towards I-17 and Table Mesa Rd	moderate	moderate	some	shotgun	yes	no	Bad direction	Shooting direction toward I-17 pipeline and Table Mesa Road	1883	1884	1885
S-11	N33°59.515'	W112°08.905'	BLM	0.50	W	Moderate	Moderate	exists	good	hazard exists	shoots toward a road, power lines	low	moderate	some	pistol	yes	yes	road	small local value road on back site under powerline	1886	1887	1888
S-12	N33°59.676'	W112°08.919'	BLM	1.00	W	High	Moderate	exists	good	good today	N/A	high	high	yes	pistol, rifle, shotgun	no	no	N/A	suitable for development	1889	1890	1891
S-13	N33°59.808'	W112°09.061'	BLM	2.00	S	Moderate	Moderate	exists	good	could be hazard	Main issue is reported ricochet from site 12. Additionally, shoots toward a road, power lines	high	high	yes	shotgun	yes	yes	Site 12 ricochets, general concern - shoots towards Table Mesa Road (7/8mi away).	Development would be high cost due to filling in wash to make site usable(404 permit issues also). Shoots toward TM road, powerline. This site shoots across a wash subject to flooding. Deeply incised wash could pose a hazard to shooters who are out of site. Would need mitigation to improve safety. Ricochet problem at site 12 would need to be solved to make it a viable site - developed or not.	1892	1893	1894
S-14	N33°59.849'	W112°09.175'	BLM	1.00	SW	Moderate	Moderate	exists	good	could be hazard	conflict with site 12 (cross fire situation), reports of ricochets from site 12.	moderate	moderate	yes	shotgun	yes	yes	site 12	Same issues as site 13 - high cost, wash (404 permit issues if developed). Ricochets from site 12.	1895	1896	1897
